Three Lessons from Today's Sermon!

Jesus is the Alpha and the Omega

The Beginning and the End

As we continue to journey through this exciting book we will continue to discover that it is impossible to reject the fact that the Lion and the Lamb in this book is both sovereign and powerful. The details given in the seal and trumpet judgments make it clear that God is in complete control of all future events.

Three Lessons from Today's Sermon!

The day is coming when God will answer the cries of the saints for justice!

The Bible tells us that vengeance belongs to the Lord. In this chapter we are reminded that there is a coming day of judgment. The cries of the saints will not be forgotten, or overlooked, or ignored. In this chapter we are reminded that our prayers appear before the throne of God. He hears our cry and knows our pain. His wrath is coming soon and the wicked will not escape!

Three Lessons from Today's Sermon!

The universe, which is today often described as being eternal or without beginning and end, will soon vanish away before the eyes of the wicked!

The day is coming when man's worst nightmares will come true. While mankind strives to save the planet, the sin of man will bring about its complete and utter destruction. In the not to distant future all will begin to be destroyed and vanish away. It will be at this time that Christ will return to establish His kingdom.
